

Year 3 Music

This term Year 3 have been learning about pentatonic scales. We have learnt what a scale is and how many notes make up a pentatonic scale.

Using the pentatonic scale of C major we are learning a chorus to play together on glockenspiels and xylophones, improvising over an accompaniment and composing our own four bar melody to perform to the class, also over an accompaniment.

We have also listened to a range of music that uses a pentatonic scale including a traditional tune from China 'Old Lang Syne', 'Cotton Eyed Joe' and Sam Smiths 'Better When We're Together'
