NEWS AND INFORMATION FOR PARENTS AND CARERS

Friday 7 November 2025

WELCOME BACK FROM MRS BUXTON

We're delighted to welcome everyone back after the half term break. As we settle into the second half of the autumn term, there's a real sense of excitement in the air. Our new building is buzzing with energy, and we're looking forward to all the wonderful things this time of year brings - from festive learning opportunities to moments of kindness and creativity.

It was fantastic to see so many families join us on Wednesday for our Reception 2026 open morning. Thank you for taking the time to visit - it means a lot. Our Year 6 pupils were superb ambassadors, representing our school with pride and warmth. When choosing a school, it's important to get a feel for the whole environment; after all, you're choosing a place where your child will grow and thrive for the next seven years.

A special mention goes to Year 5, whose project work has truly impressed us all. Their dedication and imagination shine through, and we're excited to see their efforts showcased at Strangers Hall in February. Meanwhile, Year 1 and 2 have had a brilliant start to Forest School this week - what a lovely way to learn and explore the outdoors together.

Next week promises to be a busy one, as we celebrate Kindness Week across the school. Staff will be keeping an eye out for acts of kindness, and children will be awarded raffle tickets when they're spotted doing something thoughtful. At the end of the week, a handful of tickets will be drawn at random, and those children will enjoy a special Hot Chocolate Friday with me - a cosy way to end the week and celebrate kindness in action.

Wishing all our families a safe and happy weekend, whatever you have planned.

ATTENDANCE

This week's overall attendance stands at 94.5%

FREQUENTLY ASKED QUESTIONS

Q WHY ARE CHILDREN BEING OFFERED THE FLU VACCINE?

Flu can make children feel very unwell and can sometimes lead to serious complications like pneumonia or ear infections. Some may even need hospital treatment. It's especially important for children with long-term conditions like asthma or diabetes, as flu can be more dangerous for them.

Q HOW DOES THE FLU VACCINE FOR CHILDREN WORK?

The nasal spray contains weakened flu viruses that help your child build protection without causing illness. Because flu strains change each year, the vaccine needs to be given annually. Most children only need one dose.

Q IS THE FLU VACCINE SAFE FOR CHILDREN?

Yes, it has a very good safety record and has been used for over 10 years in countries like the US without any major concerns. All vaccines available in United Kingdom must pass strict safety testing before being approved for use. The Medicines and Healthcare Products Regulatory Agency (MHRA) only approve vaccines that have gone through rigorous safety testing measures. The regulators continually monitor them all the time.

Q SHOULD ANYONE NOT HAVE THE VACCINE?

Let us know if your child:

- Has a severe allergy to eggs, gelatine, or certain antibiotics
- Has recently had severe asthma symptoms or is wheezy on the day
- Has a seriously weakened immune system

Also, after vaccination, children should avoid close contact with people who have very weak immune systems for about two weeks—everyone else is fine to be around.

Q ARE THERE ANY SIDE EFFECTS?

Side effects from the nasal spray are usually mild and short-lived. These may include a runny or blocked nose, headache, reduced appetite, or a slight temperature. Paracetamol or ibuprofen can help if needed.

Q WE DO NOT EAT PORK PRODUCTS. CAN MY CHILD HAVE A DIFFERENT FLU VACCINE?

Yes. There is an injectable flu vaccine is available that contains no pork (porcine gelatine).

While the nasal spray is generally more effective and painless, we respect your preferences. Just complete the consent form for the injection—no need to fill out both.

CONSENT INFORMATION

The consent form needs to be signed by a person with parental responsibility which includes:

- Mother: automatic
- Father: if married to the mother either when baby is born or marries subsequently
- Unmarried father: if name appears on birth certificate (since 1/12/03) or legally acquired
- Others: if parental responsibility is legally acquired
- Parental Responsibility Agreement: signed, properly witnessed and sent for registration to Principle Registry or the Family Division (High Court)
- Residence Order: granted by the Court

Please note that young people under the age of 16 can give or refuse consent if considered competent to do so by nursing staff.

Q NATURAL IMMUNITY

While natural immunity from the flu can occur, it's not generally considered better than vaccine-induced immunity. Natural infection carries the risk of severe illness and complications, whereas the flu vaccine offers protection with significantly less risk. Natural immunity can be long-lasting against specific strains, but we know that the flu virus changes (mutates) overtime so natural immunity to one strain might not protect against a different strain that emerges later Vaccines are a safer and more reliable way to protect against a wider range of flu viruses.

Flu vaccines are updated for each winter to give protection against the strains of flu that are most likely to be going around. For this reason, we strongly recommend that even if your child was vaccinated last year, they should be vaccinated again this year.

Q MY CHILD NEEDS A DIFFERENT VACCINE

If your child needs another vaccine you can speak to our team or attend one of our community clinics, all information can be found on our website: www.schoolvaccination.uk/catch-up-clinics

Q I HAVE MORE QUESTIONS

We run Q&A webinars which address frequently asked questions and gives parents an opportunity to ask their questions. You can find information and how to join on our website.

A Day in the Life of Fossils, Fire and Other Fantastic Finds - Jess Bradley and Mike Barfield

A Day in the Life of Fossils, Fire and Other Fantastic Finds gives a sweeping journey through the history of discovery in comic book form. The subjects are wildly and wonderfully diverse in scope and scale. Each page tells its own story of a discovery. As with the previous titles in the A Day in the Life series, this book stretches the brain in many directions. The examples are drawn from across the sciences, geography and history, and the appealing short-form bursts of information are great for opening windows to new potential interests.

The Amazing Book of World Mythology - Stella Caldwell The Amazing Book of World Mythology offers short and accessible retellings of mythical stories from around the world. Each of the six themed chapters is divided into four or five stories, which can be read in isolation and are well-suited to reading aloud, whether as a short bedtime story or to a whole class. Each chapter finishes with a double-paged spread introducing more stories, objects or characters relating to the theme, further emphasising the similarities in storytelling across the world. It's a perfect addition to any collection of mythology books for children.

The Last Bard - Maz Evans Maz Evans has crafted a story brimming with humour, heart and unforgettable characters in The Last Bard. From the very first page, readers are swept into a world where friendship and hope shine brightly, even when the odds seem stacked against them. The premise of the story is a boy (the last living relative of William Shakespeare) with befriends a larger-than-life cast of Shakespeare characters who have jumped right out of the pages of an inherited copy of The Complete Works of Shakespeare. The main characters are wonderfully drawn; flawed, funny and full of life. Their struggles and triumphs feel real, whether it's their witty banter, moments of vulnerability or the courage they show when faced with daunting challenges.

The Mushroom of Doom - Becky Davies and Thomas Elliott

This is a remarkably sophisticated picture book with a great sense of humour on every page, through the words and the pictures. A story of revenge and how it never pays, filled with humour that an adult can also enjoy, with references to Bond villains and plenty of wordplay (he's not only the Mushroom of Doom but also a *fun guy*!). The pictures are entirely in keeping with the zany plot, and giving mushrooms distinct personalities takes skill. A wonderful, ambiguous ending also means there is plenty to discuss in this story. The Mushroom is a stereotypical villain who may, or may not, get his comeuppance and a character who appears to fail to learn from his mistakes and the kindness of others.

Blitzers - Alastair Chisholm Blitzers are the latest craze: characters in handheld electronic games that fight against each other when their owners join their screens together. Danny is desperate to have one, so when his brother Jay brings one home, he starts to 'train' it to become a champion. However, Danny's Blitzer, Chew Lip, is a bit different to the others and doesn't want to fight. He is advised to reset it, but Danny takes a different approach, and Chew Lip surprises him. When all the Blitzers suddenly vanish from their screens and the manufacturers declare technical issues, Danny receives a mysterious message, and the hunt is on to find out what is really going on at the Blitzers Inc. headquarters. There are themes of friendship, self-esteem and celebrating differences throughout this story.

Penalty Notice Fines for School Attendance are changing!

With the introduction of the new National Framework for Penalty Notices, the following changes will come into force for Penalty Notice Fines issued **after 19th August 2024**.

Per Parent, Per Child

Penalty Notice Fines are issued to each parent, for each child that was absent. For example: 3 siblings absent for term time leave, would result in each parent receiving 3 separate fines.

National Threshold

There will be a single consistent national threshold for when a penalty notice must be considered by all schools in England of 10 sessions (usually equivalent to 5 school days) of unauthorised absence within a rolling 10 school week period. These sessions do not have to be consecutive and can be made up of a combination of any type of unauthorised absence.
The 10-school week period can span different terms or school years.

First Offence

The first time a Penalty Notice is issued for unauthorised absence the amount will be:

- £160 per parent, per child paid within 28 days.
- Reduced to £80 per parent, per child if paid within 21 days.

Second Offence (within 3 years)

- The Second time a Penalty Notice is issued for unauthorised absence the amount will be:
- £160 per parent, per child paid within 28 days.

Third Offence and Any Further Offences (within 3 years)

- The third time an offence is committed a Penalty Notice will not be issued and the case will be presented straight to the Magistrate's Court. Prosecution can result in criminal records and fines of up to £2,500.
- Cases found guilty in Magistrates' Court can show on the parent's future DBS certificate due to 'failure to safeguard a child's education'.
